

Environmental Health and Safety Compliance, Management & Consulting

Rosado Matias
Consulting Group

Why RMCG ?

- We are an EHS consulting firm with professionals of over 15-year experience in the EHS field.
- We understand your industry needs better than anyone else out there, because we have been in your shoes. Here's why...
- Our professionals **have hands-on experience, at the operational, level in different industries:** Refinery, Chemical, Pharmaceutical and Commercial.
- That's why when we partner with you, we bring on board our past experience, expertise, focus and determination to work for your success—like not other EHS Consulting firm out there.
- We've been there...we understand you...we'll help you better!

“Continuous vigilance through high quality EHS compliance.”

What can we do for you?

- Making you stay ahead in EHS compliance while you earn public trust and track record.
- Helping you avoid business interruptions and lower worker's compensation costs...meaning: increasing profits for you and sustained growth.
- Infusing transformational leadership and empowering your staff.
- Providing you Quality Audit Services, Behavioral Safety Program and Coaching.
- Helping you avoid this roadblock: inefficient and disconnected data systems.
- Evaluating your processes and identifying opportunities for you to continue moving forward, and avoid unnecessary fines and operational headaches.

Our Services...

- General environmental, health and safety management
- Air emissions & pollution control
- Waste management and recycling
- Water resources management
- Wastewater discharge
- Chemicals management
- Dangerous goods management
- Fire safety and emergency response
- Occupational health management
