

Discover How to Change the Story and Release Children From Poverty

You Can Be Part of This Today!

For: Compassion International to create awareness and lead generation

This past weekend I went to “[Change the Story](#)—the Compassion Experience.” It is an event where you submerge yourself into the life story of a child by listening, through his/her voice, how he/she was rescued from a life of despair to a life in hope through the work of [Compassion International](#).

I went to this event with my family, my husband and two kids. In this experience, you “walk” with a child through different scenarios of his/her life as you listen to his/her voice. It is a recreated setting of that child’s life so that you can experience, listen, smell and see how his/her journey has been, and understand the work of Compassion International.

We were so moved that as a family we decided to join this cause...

And I want to let you know that *you too can be a part of this "Change the Story" movement to release children from poverty.*

And not only that! YOU WILL BE INFLUENCING FAMILIES AND IMPARTING THEM A NEW HOPE!

Yes! You can do something! Even a small effort makes a lasting impact...

Many small efforts combined make a change!

You can do something! YOU CAN BE THE DIFFERENCE IN SOMEONE'S LIFE!

Through [Compassion International](#) you can sponsor a child, rescue babies and mothers, develop a future leader, or help meet critical needs. There is so much you can do by partnering with them!

I invite you to consider this opportunity. An opportunity to be the difference! An opportunity to sow HOPE!

When you look poverty and despair into the eyes you feel indignant because you know it is not supposed to be that way. You are compelled to do something.

And it all starts with compassion and to engage in doing...

This ministry needs your involvement and prayers! I invite you to seek God’s wisdom and direction and to see how you can help change the story by joining the “[Change the Story](#)—the Compassion Experience.”

The story was already changed! Now, be a part of it!

[Check out this page](#) and see how many children and families are being released from poverty. It's happening thanks to compassionate hearts like yours!

God Bless,
